Compared to last week: Steers were all too lightly tested last week to develop an accurate market trend, however lower undertones were noticed. Heifers under 500 lbs were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Heifers weighing over 500 lbs sold mostly steady to 4.00 higher. Quality today was average to attractive and better overall than last week. Feeder cattle were offered in mostly moderate size packages this week, with one load lot of steers on offer. A heavy offering of cutting bulls were on offer today as several load lots were on offer. Bulls sold on good to very good demand as quality was mostly attractive.
